2. **Choose your starting campus and park there.** Parking areas are outlined and indicated with a P on each of the campus maps. Once you arrive, follow the signs to parking and use the campus buses. Use the “Bus Information” section on the campus maps to find out which bus to use. Bus stop information can be found on the last page. Make a note on your campus map where you parked!

3. **There is no check-in.** Proceed directly to your first session.

7. **Attend a Student Life session.** How will you build your community at Rutgers? Student Life sessions will give you a glimpse of the opportunities for getting involved on campus and developing lifelong skills.

8. **Pick up your free Rutgers t-shirt!** Admitted students can get their hand stamped at any information tent and then stop by the Scarlet/White football game for a free t-shirt! New Student Orientation is a dynamic on-campus experience designed to welcome, prepare, and engage all new students and their families in their transition to Rutgers.

- All new students are expected to attend an orientation program.
- Students should make sure that they activate their NetID through the Enrollment Pathway and regularly monitor their Rutgers email account.
- Students are encouraged to select an orientation program date on the Enrollment Pathway by June 7. Space is limited and sessions are filled on a first-come, first-served basis.
- There will be a priority program date for out-of-state students who are enrolling in a school that holds an in-person academic planning and advising day in the spring.
- Separate orientation programs will be offered for parents and family members that require separate registration and a nominal fee for attendance. These sessions coincide with student orientations, including two evening sessions in July. Parents and family members may purchase tickets for a Parent and Family Orientation program at getinvolved.tix.com beginning in April.

FIRST-YEAR STUDENTS

Students will attend a two-day program with one overnight stay in a university residence hall. Session dates run from mid-June through early-August with some priority session dates for the Honors College, School of Environmental and Biological Sciences, and School Engineering. Students enrolled at the Rutgers Business School, Mason Gross School of the Arts, School of Nursing, Ernest Mario School of Pharmacy, and School of Arts and Sciences may attend any session date.

TRANSFER AND NONTRADITIONAL STUDENTS

Students will attend a one-day program. Since some transfer or nontraditional students may be looking for additional information about campus involvement opportunities, select program dates will include options for an extended evening or an overnight orientation experience. There will be several sessions offered during the summer that will feature a consolidated evening program specifically designed for nontraditional or working students with significant daytime commitments.
